

Hyde County CTP Committee Meeting

February 28, 2011 - 5 PM

Hyde County Administrative Office

30 Oyster Creek Rd.

Swan Quarter, NC 27885

Attendees:

Lauren Nicholls

Geoff Sloop

Michael Adams

Mazie Smith

Scott Walston

Janet Russ

Alice Keeney

A. COMMITTEE UPDATE

The May CTP Committee meeting will be held on May 16 at 2 pm on Ocracoke in the Community Center and will take the place of the previously scheduled May 23 meeting.

B. PUBLIC SURVEY

The committee reviewed and commented on the public survey. It was decided that there will be two different surveys (English and Spanish version) for the mainland and Ocracoke. Lauren Nicholls will email out the surveys for everyone to review.

C. VISION & GOALS STATEMENT

The committee reviewed the vision and goals statement a final time.

D. ROADWAY GROWTH RATES

Roadway growth rates were discussed by the group. Lauren Nicholls explained the Excel spreadsheet along with the map. The group decided to use the average annual daily traffic (AADT) from the year 2007. A growth rate of 2.5% is the average for the state while a 4% growth rate is considered high. It was also noted that if there is known growth (new developments, schools, etc.) coming to an area, we can add the anticipated traffic to our traffic counts when estimating for future AADT.

Crash data for the county which highlighted intersections and sections of the road with high crash rates were reviewed by the group. The group was asked to review the data and look at whether there was anything that needed to be added to the lists.

Mazie requested a list of concerns from all previous meetings to coordinate with the Southern Albemarle Association. Lauren Nicholls will put together a list and email to Mazie and Janet.

E. NEXT MEETING

Next meeting, we will be discussing surveys, growth rates, and the transit element of the plan.

F. ADJOURN
